<b>Focus</b>	The structure of the CLASS tool and descriptions of the effective interactions it measures are provided.	An overview of effective teacher-child interactions as defined by the CLASS tool and the ways these interactions help children learn are presented.	Video from real classrooms and descriptive text illustrate effective teacher-child interactions and build teachers' abilities to identify the interactions that boost children's learning.	Guided video observations and feedback help teachers identify and understand effective teacher-child interactions—increasing their abilities to interact effectively with the children they teach.	Targeted, intensive, individualized coaching—focused on each teacher's own classroom video—improves teacher-child interactions.
